R Price – Parish Clerk & RFO-

1051/24 Apologies for Absence

Apologies for absence were received from Councillors R Hill-Harmsworth, S Poole and J Wright.

1052/24 Declaration of Interests

There were no declarations of interest.

1053/24 Exclusion of Public

No additional items were identified for exclusion of public

1054/24 Public Forum

No items were raised

1055/24 Minutes of Parish Council Meeting held 4th June 2024

The minutes of the meeting of the Annual Parish Council meeting held on 4th June 2024 were approved and confirmed as a true record.

1056/24 Police Matters

No police were present. There were no matters to report

1057/24 Report of County Councillor

The County Councillor was not present

1058/24 Report of District Councillor

District Councillor John Ritchie reported that internal investigations had been arranged in relation to a district council member. The Creswell Growth Plan was out for consultation. The Chesterfield-Willington National Grid proposal was due to go to planning. The availability of an app to obtain statistics relating to tourist visitors to the district. Bramley Vale School had been hosted on the recreation area at Glapwell.

1059/24 Speedwatch Proposal

Councillor Grainger Grimes had been researching the feasibility of setting up a Speedwatch Group in partnership with Glapwell Parish Council, due to the concerns of residents about speeding in the parishes. He was still awaiting a response from the PCSO concerning, numbers, training, set up process etc. His understanding was that the equipment would cost around £500 and that there would need to be around 6 persons willing to participate. He would bring further information once it became available.

It was Proposed, Seconded and Resolved that the Parish Council financially contribute and work in partnership with Glapwell Parish Council, subject to all requirements being met for the formation of the group.

1060/24 National Grid – Chesterfield - Willington

An update had now been received following the suspension of the consultation during the pre election period. New dates for consultation events had been provided. The closest ones were at Pilsley on 12th July and Glapwell on 18th July. Members agreed that, in response to the consultation, it be suggested that the cable should be buried underground rather than on pylons, particularly where the route may run through the Hardwick Estate. The installation of pylons in this area would be an extreme blight on the landscape. It was very difficult to assess the actual route as the swathe which appeared on the plan was around 4-5 miles wide.

1061/24 Neighbourhood Plan

A meeting of the Neighbourhood Plan Group had been held on 3rd July and the notes of the meeting were circulated to all members. Members had supplied a number of photographs which the consultant would review and come back for further information concerning location etc if necessary.

Over the summer he would be putting together the final draft of the plan which he would then share with the Group for approval which would allow the Regulation 14 consultation to take place in the autumn. This was the formal consultation period when it was a requirement to share the plan with a large number of statutory and other bodies. It would be good practice to make it as widely available as possible by, for example, placing on the website and having available in public places for comments. The Plan should be available for consultation, following approval by Council in September, through to November, allowing the consultant to start to put together the final Plan in early December

Once the comments had been received and integrated in to the plan, it would then be forwarded to Bolsover District Council for perusal, followed by formal examination by an inspector. Bolsover District Council would then organise the required referendum.

From a timescale point of view it was therefore hoped that the Plan could be finalised within the current financial year.

The Clerk and consultant would arrange the final bid for funding as soon as possible

1062/24 Doe Lea Centre – Report of Manager to Trustees

The Manager submitted a report to the Trustees detailing Centre events, activities and grant applications. He had been successful in securing funding from DVA to allow the 'Ladies of Letters' to continue for another year. He also provided information about the Printer Contract and a display screen for the meeting room. Appended to the report was a draft Environmental Sustainability Report for information and comments. The Manager was thanked for his report.

1063/24 Parish Projects

Sculpture

The Arts Officer had requested a date for the event to include the handing over of the sculpture to the parish council. It was agreed that Saturday 21st September be provisionally suggested.

Ramp

The Clerk reported that there had been no further progress as a plan of the proposed ramp was needed for the planning application. She would follow up with Matt and the developer.

1064/24 Allotment Matters

The Clerk to make arrangements with the Allotment Manager to for a meeting of the allotment holders in September.

1065/24 Applications for Grant Aid

There were no applications for grant aid but Councillor T Trafford asked that the thanks of the Trustees of Stainsby Festival be recorded for the donation made to the Festival by the Parish Council for the subsidy of community tickets, agreed at the last meeting.

1066/24 Report of Income and Expenditure to 30th June 2024 and Payment ofAccounts July 2024

CHESTERFIELD TO WILLINGTON - PYLONS

Hi Ruth

Welcome to CPRE Derbyshire and I'm sorry it's under such difficult circumstances. Have your councillors had chance to discuss the National Grid's proposals yet? If so, are there any minutes you could share or would it be easier to have a chat on the phone? Please feel free to give me a call if so on [07828 898041](tel:07828898041).

Either way, our consultant is working now on our response to the stage 1 non-statutory consultation and we hope to have a draft we can share with interested member councils by the beginning of September.

Kind regards

Subject: Breaking News: Pylons and Planning Training

Dear Clerks and Councillors

A. Pylons
CPRE Derbyshire, the countryside charity, has commissioned an experienced planning consultant to write our response to the National Grid Upgrade (Chesterfield to Willington) stage 1 non-statutory consultation.

We are strongly opposed to some sections of the planned route and to the proposed use of 50m pylons and overhead cables throughout, regardless of the harm to landscape, amenity, heritage and ecology.

If your council is a member of CPRE Derbyshire and shares our concerns, we would like to help you in two ways:

1. We want to hear from you about the impact on your local area, so that we can take account of this in our response.
2. We will share our draft and final response to this consultation with you on request, ahead of the final submission date 17 September 2024, to facilitate your own feedback to the National Grid.

If you're already a member and would like to take advantage of this offer, please reply to this email by 9 August 2024, with contact details for a representative from your council and one of our volunteers will be in touch.

If your council is not yet a member of CPRE Derbyshire, it's not too late but obviously time is of the essence. You can join online today for the same cost as an individual membership; £5 per month or £60 per annum. Join here: <https://donate.cpre.org.uk/page/64140/1>

B. Planning Training for members and non-members We recognise how difficult it can be for councillors and clerks to keep up with changes to national planning guidance and legislation.

CPRE is offering an interactive online planning training session, covering legislation, designations and statutory development plans and we have secured ten places for Derbyshire.

The date of the training is Tuesday 24 September 2024 from 6pm - 8pm and you can secure your place on a first come, first served basis at the much-subsidised cost of £5 per person for CPRE member councils and £15 per person for non-member councils. Places are limited to a maximum of two per council and you can book here:

<https://www.tickettailor.com/events/cprestaffordshire/1216295>

The session will be delivered on Zoom by Hannah Barter, Director of Urban Vision, who has over 15 years' experience in planning and community development, working in the public, private and third sectors. Together, you will examine the role of planning and how to shape and inform our rural communities, with a view to promoting and enhancing the countryside. You will also learn how to make effective representations in planning, exploring what are material considerations and how to engage in the planning process, including a range of planning case studies.

If the session becomes fully booked, please respond to this email and we will either let you know if further places become available or retain your details in readiness for the next training session on Thursday 23 January 2025.

Kind regards

CONSULTATION ON FUTURE OF DERBYSHIRE HEALTHY HOME SERVICE

From: James Green (Adult Social Care and Health) <James.Green@derbyshire.gov.uk>
Sent: Tuesday, August 6, 2024 7:29 AM
Subject: Consultation of the Future of Derbyshire Healthy Home Service

Warning External

Dear all

People living with long term health conditions affected by cold temperatures are more likely to need health and care services when they can't properly heat their homes. The healthy home service aims to support Adult Care's prevention offer, by providing support to improve the heating and energy efficiency of homes belonging to some of our most vulnerable residents.

A consultation has just opened today on future options for the Derbyshire Healthy Home Project. It would be good to hear your views on this.

We are currently consulting on our Housing Strategy 2024-2029. The Strategy looks at both supply and need across the whole District regardless of tenure. We have four clear priorities for the area for the next five years:

- **Priority 1** – Providing Good Quality Housing,
- **Priority 2** – Enabling Housing Growth,
- **Priority 3** – Supporting Vulnerable and Disadvantaged People,
- **Priority 4** – Maintaining and improving property and housing management standards and ensuring that standards and living conditions in the district contribute towards better health outcomes for all.

By scanning the QR code above you will be taken to the survey which will go through the four priorities and 11 desired outcomes to see if you agree or disagree with them, as well as asking you to rank the priority order for proposed actions under each priority.

The consultation will close on Sunday 29 September 2024 and once you have completed the survey, if you have any additional comments you can email housing.strategy@bolsover.gov.uk

A draft of our strategy is available on our website at bit.ly/BDC-housing-strategy. Hard copies are available for viewing at our contact centres and local libraries.

Dear Colleagues

In an ever-changing environment, the role played by Parish and Town Councils continues to be vital, a situation I fully appreciate as Chair of my local Parish Council. At a local community level, Parish and Town Councils often provide the first point of contact on many issues of local concern, along with involvement in planning decisions, representing communities and general management of town and village centres.

I therefore wish to continue the development of the relationship the County Council has with Parish and Town Councils, building upon the good work that I know already exists and utilising local skills and knowledge to deliver better services for our communities.

Following on from previous successful events, I would like to invite you all to the next meeting of the Parish & Town Council Liaison Forum which will be taking place on:

Date: Tuesday 15 October 2024
Time: 5.00pm–8.00pm
Location: County Hall, Matlock, DE4 3AG

The event will begin with a Marketplace event which will provide the opportunity to meet and ask questions of officers about Derbyshire County Council services, as well as of representatives from a number of other organisations. A list of those who have agreed to participate is attached for your information.

The main Forum meeting, which commences at 6.20pm in the Council Chamber, will include presentations as listed below. The purpose of the meeting is to hear updates on specific projects and/or information on strategic aims.

- Mayor Claire Ward: East Midlands Combined County Authority
- Richard Ward: DCC Flood Risk Management

Due to the time constraints, the meeting cannot accommodate detailed discussions on individual local issues. These can either be addressed via discussions with officers at the Marketplace and/or by submitting a written question, either via e-mail to policy@derbyshire.gov.uk or in the space provided on the feedback form. These will be relayed to the appropriate officer(s) for a direct response.

You will also have the opportunity to participate in a general Question and Answer session held towards the end of the meeting.

Light refreshments will be available from 5.00pm in Committee Room 1, adjacent to the Members Room where the Marketplace will be taking place.

Further meetings of the Parish and Town Council Liaison Forum are scheduled over the coming 12 months, the next one on Wednesday 5 March 2025, so if you have any suggestions for agenda items for future meetings, please let us know.

Suggestions are very welcome and can be forwarded along with confirmation of your attendance by emailing policy@derbyshire.gov.uk or calling 01629 535561.

I look forward to seeing as many Parish and Town Council representatives as possible on the night.

Yours sincerely

Councillor Carol Hart
Cabinet Member for Health and Communities

LOCAL GOVERNMENT BOUNDARY COMMISSION

Today we published our final recommendations for future electoral arrangements for Derbyshire County Council. We have now completed our electoral review of Derbyshire.

We are extremely grateful to the people of Derbyshire who took the time and effort to send us their views.

We considered every piece of evidence we received before finalising our recommendations.

[Final recommendations report](#)

[Final recommendations map](#)

[Summary of the final recommendations](#)

As a result of our recommendations for new division patterns, we are making changes to the parish electoral arrangements for the following parish and town councils:

- [Belper](#)
- [Charlesworth](#)
- [Dronfield](#)
- [Heanor & Loscoe](#)
- [Langwith](#)
- [North Wingfield](#)
- [Old Bolsover](#)
- [Ripley](#)
- [Shirland & Higham](#)
- [Somercotes](#)
- [Wingerworth](#)
- [Woodville](#)

The changes we have proposed must now be approved by Parliament.

A draft Order - the legal document which brings into force our recommendations - will now be laid before Parliament.

The draft Order will provide for new electoral arrangements for Derbyshire to be implemented at the local elections in **2025**.

Our Recommendations

The table lists all the divisions we are proposing as part of our final recommendations along with the number of electors in each division. The table also shows the projected electoral variances for 2029 for each of the proposed divisions which tells you how we have delivered electoral equality. All divisions are single-councillor.

Who we are

- The Local Government Boundary Commission for England is an independent body set up by Parliament.
- We are not part of government or any political party.
- We are accountable to Parliament through a committee of MPs chaired by the Speaker of the House of Commons.
- Our main role is to carry out electoral reviews of local authorities throughout England.

Electoral review

An electoral review examines and proposes new electoral arrangements for a local authority, including:

- The total number of councillors representing the council's electors ('council size').
- The names, number and boundaries of wards or electoral divisions.
- The number of councillors for each ward or division.

Why Derbyshire?

- The Commission has a legal duty to carry out an electoral review of each council in England 'from time to time'.
- Derbyshire County Council has not been reviewed since 2012 and the Commission has therefore decided that it should review Derbyshire in advance of the elections in 2025.

Our proposals

- Derbyshire County Council currently has 64 councillors. Based on the evidence we received, we recommend that 64 councillors should serve the council in the future.
- We believe our final recommendations meet our statutory criteria to:
 1. Deliver electoral equality for electors
 2. Reflect community interests and identities
 3. Promote effective and convenient local government

Summary of our recommendations

We have considered all the submissions we received during our consultation on our draft recommendations.

The final recommendations propose that Derbyshire should have 64 councillors, the same as there are now.

The 64 councillors should represent 64 single-councillor divisions across the county.

An outline of the proposals is shown in the map to the right.

Section 3 – External Auditor’s Report and Certificate 2023/24

In respect of **Ault Hucknell Parish Council – DE0012**

1 Respective responsibilities of the auditor and the authority

Our responsibility as auditors to complete a **limited assurance review** is set out by the National Audit Office (NAO). A limited assurance review is **not a full statutory audit**, it does not constitute an audit carried out in accordance with International Standards on Auditing (UK & Ireland) and hence it **does not** provide the same level of assurance that such an audit would. The UK Government has determined that a lower level of assurance than that provided by a full statutory audit is appropriate for those local public bodies with the lowest levels of spending.

Under a limited assurance review, the auditor is responsible for reviewing Sections 1 and 2 of the Annual Governance and Accountability Return in accordance with NAO Auditor Guidance Note 02 (AGN 02) as issued by the NAO on behalf of the Comptroller and Auditor General. AGN 02 is available from the NAO website – <https://www.nao.org.uk/code-audit-practice/guidance-and-information-for-auditors/>

This authority is responsible for ensuring that its financial management is adequate and effective and that it has a sound system of internal control. The authority prepares an Annual Governance and Accountability Return in accordance with *Proper Practices* which:

- summarises the accounting records for the year ended 31 March 2024; and
- confirms and provides assurance on those matters that are relevant to our duties and responsibilities as external auditors.

2 External auditor’s limited assurance opinion 2023/24

On the basis of our review of Sections 1 and 2 of the Annual Governance and Accountability Return (AGAR), in our opinion the information in Sections 1 and 2 of the AGAR is in accordance with Proper Practices and no other matters have come to our attention giving cause for concern that relevant legislation and regulatory requirements have not been met.

Other matters not affecting our opinion which we draw to the attention of the authority:

None.

3 External auditor certificate 2023/24

We certify that we have completed our review of Sections 1 and 2 of the Annual Governance and Accountability Return, and discharged our responsibilities under the Local Audit and Accountability Act 2014, for the year ended 31 March 2024.
